5.	EPA-HQ-2019-008132	Matthew Granahan	HELM Agro	8/15/2019	EPA-HQ-OCSP-OPP - Office of Pesticide Programs	<p>HELM Agro is requesting a FOIA on <b>Syngenta's Closed Handling System Container Design for Net Contents under 120 Gallons</b>. As a requirement of registration on <b>Paraquat Dichloride</b> [Registration Review Docket: EPA-HQ-OPP-2011-0855] Human Health Mitigation Decision per Phase III Label Mitigation Measures, Paraquat Dichloride is required, in the future, to be found in a Closed Handling and Transfer System. The anticipated date of this change is 12 -month after the September 30, 2019 date. HELM is currently leading the Paraquat Closed Handling System Task Force with other Technical Paraquat registrants (except Syngenta) to design and create a Closed Handling System (CHS). The Paraquat Closed Handling System Task Force developed a Closed Handling System (CHS) that has been <i>reviewed and approved by US EPA</i> and we are to begin the tooling and engineering of the CHS prototype in the immediate future. It was just determined Syngenta has developed their own CHS system and that container has been reviewed and accepted by US EPA.</p>

44. EPA-HQ-2019-008304	Ms. Lisa Rector	NESCAUM	8/20/2019	EPA-HQ-OECA-OC - Office of Compliance	<p>Per 40 CFR60.534(g) (g) The manufacturer of an affected wood heater model line must notify the Administrator of the date that certification testing is scheduled to begin by email to <b>WoodHeaterReports@epa.gov</b>. This notice must be received by the EPA at least 30 days before the start of testing. The notification of testing must include the manufacturer's name and physical and email addresses, the approved test laboratory's name and physical and email addresses, the third-party certifier name, the model name and number (or, if unavailable, some other way to distinguish between models), and the dates of testing. The laboratory may substitute certification testing of another affected wood heater on the original <i>date in order to ensure regular laboratory testing operations.</i></p> <p>We are requesting the copies for all units that have submitted 30-day notice of a manufacturers intent to conduct certification testing for the period covering May 15, 2015 through May 15, 2016 and June 15, 2019 to the present. We respectfully request all data pertaining to those notification to include all required information including but not limited to the manufacturer names, models, date of test request, test lab and 3rd party certifier. This is a similar request to the one filed in April of 2018 and 2019, as it provides critical information to track industry compliance and assess program performance.</p>

45.	EPA-HQ-2019-008306	Lisa Rector	NESCAUM	8/20/2019	EPA-HQ - Headquarters <i>OECA</i>	Per 40 CFR60.537(f) and 60.5479(f) within 60 days after the date of completing each performance test, e.g., initial certification test, tests conducted for quality assurance, and tests for renewal or certification, each manufacturer must submit the performance test data electronically in both CBI and redacted versions to <b>WoodHeaterReports@epa.gov</b> . The regulation also states that emission data, including all information necessary to determine compliance, may not be claimed as CBI. Per sections 60.533 and 60.5475, the submission of emission data are a stand alone component in the certification application process. We are requesting all information EPA received as part of the 60-day reporting requirement under the 2015 Residential Wood Heater New Source Performance Standards reporting requirements to include all non-CBI emission data to include (1) data from fully completed tests, (2) data from stopped or incomplete test reports, and (3) the data this information was submitted to EPA. We also request this data as it provides critical information to track industry compliance and assess program performance.
